E - SECTION

Algorithm

Step 1: Start

Step 2: Input a, b

Step 3: Compare (a, b)

Step 4: Stop.

Int compare (int a, int b)

Step 1: Entry

Step 2: if (a ∧ b)

  Display   value of a   & not Equal to value of b

  Else

  Display   value of a   & Equal to b

Step 3: End

Flowchart :-

Int Compare (int a, int b)
